RUSSIANS ADVOCATE NATIONAL ASSEMBLY

Want the People To Decide For War Or Peace.

10,000 RUSSIANS KILLED AT SEA

The Censorship Has Been Removed from Foreign Dispaches and the Russians Are Appalled at Result of Engagement—Other War News.

St. Petersburg, June 3.—The Russian press this morning still is advocating more vigorously than ever the summoning of a national assembly even the reactionary Sviet joining in the general chorus.

In view of the current rumors, it is most significant that the papers which are more or less in the confidence of the government unanimously take the position that the people should decide the question of peace or war.

All censorship is now removed from foreign dispatches and the people are appalled at the horrible stories of the slaughter on board the Russian ships. The Admiralty has not yet been able to estimate even approximately from the foreign advices the loss of men, but as the ships were over rather than under manned, the total will be greater than the ordinary complement of the vessels, would indicate and probably will exceed 10,000, if only about 4,000 were saved.

Nebogatoff's Men Mutinied.

New York, June 3.—Details from a trustworthy source leave no room for doubt, says the Times dispatch from St. Petersburg, that Admiral Nebogatoff's sailors mutinied in the battle of the sea of Japan, and either threw the admiral and many officers overboard, or, according to another version, bound them in their cabins and hoisted the white flag. Eight men in Nebogatoff's squadron were, it is again aserted, hanged for mutiny while still in the red sea.

Frenchman Arrested as a Spy.

Victoria, B. C., June 3.—Advices were received by the steamship Kanagawa that a strong case is being made out by the Japanese government against Captain Bergouin, a prominent Frenchman of Tokio, formerly of the French legation, who, with his son-in-law, and a Japanese engineer in his employ, has been arrested, charged with being a spy in the Russian service. Copies of messages alleged to have been sent to Russia against giving information with regard to movements of the transports, warships and troops were found in his residence at Tokio. It was stated that the transport Hitachi and Sado were intercepted and the former sunk a year ago by the Viadivostok squadron because of information furnished by Captain Bergouin.

Strong protests were made by the French government regarding his arrest but no notice is being taken by the Japaese governmet which has a strong case against thealleged spies.

Mikado to Visit Orel.

Tokio, June 3.—It is planned to bring the battleship Orel to Yokosuka, where the emperor will visit her. A remarkable story is in circulation concerning the wounded on the Ora. It is said that at the opening of the fight 300 men were killed and wounded, and that the groans and shrieks of the wounded exercised so harmful an effect that it was decided to throw the mortally wounded into the sea. One hundred and forty, it is said, were thrown overboard. Those slightly wounded were fastened to the masts to prevent their interference with the working of the ship.

It is impossible to obtain any confirmation of the story, but later reports indicate that the Russians fought with desperate bravery throughout the day previous to their surrender. The Orel vessel is shell-marked, and her guns were smashed and [illegible].

[illegible] Seen Near Manila.

[illegible] 3.—Three warships were sighted at 2 o'clock and three more at 3 o'clock this afternoon and were steaming slowly, headed for the gulf of Lingayen. The ships are of different types and are painted a lead color.

No Trace of Russians.

Tokio, June 2.—10:30 p. m.—Admiral Togo, telegraphing yesterday, says:

"The ships sent northward to search for Russian ships returned yesterday. The cruisers Iwate and Yakumo and other vessels sent southward to find the Russian ships returned also today. They thoroughly searched the Shanghai course from Tsu Shima and vicinity, but on both sides found no trace of the Russians.

PRESIDENT CASTRO'S MESSAGE.

Declares Venezuelan Government is Friendly to the World.

Caracas, Venezuela, Thursday, June 1.—President Castro read his message to congress today. He said in part that the Venezuela government had maintained good relations with foreign countries in the degree that their respective representatives desired, and therefore the relations of Venezuela, with all countries, were relatively cordial.

The government had acceded to the desires of the respective representatives of the foreign countris so far as justice, equity and the dignity and honor of the nation permitted. On the other hand Venezuela had duly paid the allies the amounts peremptorily demanded by them and had then paid them 30 per cent of the customs duties collected at LaGuira and Puerto Cabello. When the claims of the allies had been paid the 30 per cent of the customs duties of LaGuira and Puerto Cabello would be devoted to the payment of the claims of the other powers, which had presented pacifically. In regard to the debts of Venezuela other than the claims of the powers, previously referred to, the government of Venezuela had twice sent General Jose Antonio Velutini to Europe to make new arrangements with her creditors.

DIVISION OF FREIGHT RATES.

Railroads Have Satisfactory Understanding About Atlantic Ports.

New York, June 3.—At the meeting of the Trunk Line Railway executives in this city, a satisfactory understanding has been reached as to the division of railroad freight rates from Atlantic seaboard points to the West, in competition with the gulf lines. Those attending the conference were Messrs. Thayer, of the Pensylvania, Caldwell, of the Lackawanna; Chamberlain, of the Erie, Miller of the Burlington, Highland of the St. Paul and Johnson of the Gould lines.

Immediately after adjournment of the committee, it went into joint conference with representatives of the gulf lines over the question of rates on sugar and coffee. No definite agreement could be reached, and another conference will be held two weeks hence.

Result of English Election.

London, June 3.—The bye-election in the Whitby division of the north riding of Yorshire yesterday, following the succession of Ernst W. Beckett to the Grimthorpe peerage owing to the death of his uncle Baron Grimthorpe, April 29, resulted in the election of a Liberal, Noel Buxton, by a majority of 446 over Gervais E. Beckett, Unionist, brother of the late member for Whitby. This is a crushing defeat for the government as the election was fought mainly on the fiscal question and in view of the fact that Whitby had been a conservative stronghold for 20 years.

Official Asked to Resign.

Philadelphia, June 3.—William H. Baker, assistant director of public works today by request, tendered his resignation to Mayor Weaver. This is the first move on the part of the mayor of what he terms "a general shake up in the departments which come under his jurisdiction. Baker was known as an organization man. The salary of the office is $4,000 a year.

ACREAGE REDUCED ELEVEN PER CENT

Says the Government's Report On Cotton Crop.

NEW ORLEANS MARKET SLUMPS

General Acreage of Crop Is 77.2 Per Cent, Against 83 Per Cent For Corresponding Date in 1904—The Report Disappointe the Cotton Bulls.

Washington, June 3.—The following bulletin on the condition of the cotton crop was issued by the department of agriculture today:

Returns to the chief of bureau of statistics of the department of agriculture show the total area planted in cotton in the United States up to May 25 to be about 28,120,000 acres, a decrease of about 3,610,00 acres or 11.4 per cent from the total acreage planted last year.

The average condition of the growing crop of May 25 was 77.2 per cent as compared with 83 on May 23, 1904; 74.1 at the corresponding date in 1903, and a ten-year average of 85.3.

The percentage of decreases in acreage in the different states (the comparison being with the total area planted last season) is as follows:

Virginia 13, North Carolina 10, South Carolina 11, Georgia 11, Florida 10, Alabama 8, Mississipi 12, Louisiana 14, Texas 12, Arkansas 15, Thennessee 10, Missouri 14, Oklahoma 11, Indian Territory 10.

The condition of the crop by states on May 25 was as follows:

Virginia 87, North Carolina 83, South Carolina 78, Georgia 84, Florida 88, Alabama 87, Mississippi 73, Louisiana 73, Texas 69, Arkansas 73, Tennessee 86, Missouri 84, Oklahoma 88, Indian Territory 81.

Slump at New Orleans.

New Orleans, June 3.—The government report caused a heavy slump in the cotton market today. The ring was crowded with traders at the opening and the galleries filled before the report was received. The opening was down. When the report came fixing the acreage reduction at 11.4 and the crop condition at 77.2, the market began to tumble.

There was a fall of 40 points from the highest of the day, and of 60 from the highest of the week. The bulls were completely routed. The government report on reduction was 2.85 below the average of the private estimates and 7.07 under the estimate of the Southern Cotton association.

New York Market.

New York, June 3.—The government's first monthly cotton report of the season, giving the average of the stock at 77.2 per cent and a reduction in acreage of 11.4 per cent, was preceded and followed by active selling, and excitement on th ecotton exchange today was feverish.

The market was weak from the pening under active pressure and before the report was issued July sold off to 8.15, October to 8.32 and December to 8.34. Immediately following the announcement of the government figures, there was great confusion on the cotton exchange during the New Orleans maket, which shot up over 20 points, causing a rally of 6 to 8 points here. This, however, was shortly lost. It then developed that the average condition was received in New Orleans at 75.2 instead of 77.2. July sold off to 8.10 in the New York market, a decline from last night of about 24 points, and lost ½ cent from the high point from last Wednesday.

They Must Have Been Warm.

Kalamazoo, Mich., June 3.—A moment after Miss Norad Westenhiser, of Ransom street, dropped into the stove a bundle of old love letters the stove blew up. A flying fragment of iron nipped a bow from her shoulder as it flew past, and her gown was set on fire and her life was saved only after her arms had been badly burned. The fire department put out the flames in the kitchen.

JUSTICE METED OUT QUICKLY.

Negro Kills White Man and Slayer is Immediately Hanged.

Batchellor, La., June 3.—Ernest Lacour, while returning home from his livery stable, with his driver, when nearing the railroad track, encountered a number of negroes, one of whom drew a revolver and fired three shots, two taking effect and causing almost instant death.

The negroes were five in number, and were a band of musicians from Natchez, Miss. It seems that an hour or so previous to the killing, the negro band had some trouble with Mr. Lacour's driver, whereupon he went to the aid of the driver. The other negroes left the place, and going out to get weapons, lay in wait for him when he should leave his home.

Soon after the shooting, the alarm was given, and the negroes were captured, the one having done the shooting being hanged at once, while the other four were turned over to the new roads authorities.

Seaboard Increases Capital Stock.

Trenton, N. J., June 3.—The Seaboard company filed a certificate with the secretary of state increasing its capital stock from $40,000,000 to $72,000,000. Of this amount $18,000,000 is first preferred stock, $18,000,000 second preferred stock and $36,000,000 common stock. The increase was decided upon at a meeting of the directors of the company held today in Jersey City. The company was originally incorporated an May 15, 1895, to manufacture, buy, sell and mortgage, and otherwise dispose of rolling stock and other railway equipment. The officers are Thomas Ashenbech, president; William Bleton, vice president; John G. Quinby, secretary and treasurer.

To Sell Queen Isabelle's Jewels.

New York, June 3.—Five sets of jewels which are said to have once belonged to Queen Isabelle of Spain, will be sold here soon at auction. They are included in the collection of gems bequeathed to the Leland-Stanford, Jr., university of California by Mrs. Stanford. The valuation is placed at $1,000,000. Mrs. George Perkins Lawton, a niece of Mrs. Stanford, who resides in this city, in talking of the sale, said that only Mrs. Stanford's most intimate friends knew that the Isabelle jewels were owned by her. Neither Mrs. Lawton nor her husband could learn the exact manner in which Senator Stanford secured them.

Kentucky Railroad Sold.

Mt. Sterling, Ky., June 3.—Herbert E. Bailey, of Columbus, O., representing the stockholders in the Covington, Flemingsburg and Ashland railroad, has sold the road to the Cincinnati, Flemingsburg and Southeastern Railway company a new corporation, for one hundred and fifty thousand five hundred dollars, including rolling stock. The road is a narrow gauge, 17 miles long, but will be extended to the Tennessee line in Elliott county, opening the richest timber and mineral lands in the south, and will be made a standard guage.

Ward and Vokes Dissolve.

Boston, June 3.—Announcement is made that John Ward and Harry Vokes, known in the field of musical comedy for 20 years as Ward & Vokes, will dissolve partnership after tonigth's performance at Haverhill. Mr. Vokes will form a new partnership with William West, a comedian, while Mr. Ward will appear under the direction of E. D. Stair.

Train Strikes an Oil Wagon.

Dayton, O., June 3.—Pennsylvania passenger train No. 28 struck an oil wagon near Stillwater Junction today. As the oil tank bursted the engine fire ignited the oil and Engineer Edward Gimby and Fireman Charles Pryor, both of Columbus, were burned to death, the driver of the wagon escaping uninjured. The train was not damaged.

BRIBERY CHARGED IN CHICAGO STRIKE

Grand Jury Investigating Stories of President Shea.

RIOTING BREAKS OUT AFRESH

Situation in Chicago Remains Practically the Same—Both Sides Are Contending the Balance is in Their Favor—Nonunion Drivers Mobbed.

Chicago, June 3.—Members of the grand jury are endeavering today to gather more complete and later details of the bribe stories told by President C. P. Shea, of the Teamsters' union, and its former president Albert Young.

As the statute of limitations has run against most of the alleged bribery, matters concerning which Shea and Young testified, the investigators are prepared to search for later overt acts connected with the so-called "outlawed conspiracies." To this end the grand jury has directed the docket clerk to issue subpoenas for the records of the coal and other teamsters' unions. Mr. Shea and Mr. Young testified that the records would show proof of their statements that prominent coal men paid $30,000 in strike benefits when the down-town building owners substituted coal for fuel gas.

Rioting broke out afresh today in the lumber district when a wagon belonging to Rittenhouse and Embree company was attacked by a crowd of 100 persons at Thirty-second and Centra lavenue.

The mob threw stones and pieces of coal at the nonunion teamster. Two policement who were guarding the wagon, were hit by the missiles and slightly injured.

The policemen then were obliged to fire several shots into the air in order to keep the crowd at bay. Upon the arrival of additional police the crowd quickly scattered. No arrests were made.

Exposure of Land Frauds.

San Francisco, June 3.—The Examiner says today that the story of the land frauds in Oregon will be duplicated in California by the discovery of an elaborate system of robbery under color of law, by which means with the help of forgery, great tracts of the public domain in Modoc and other northern counties have been brought under private ownership. In many places this process has been worked at by means of dummy locaters but in some cases of which the examiner has proofs, the land thieves grown bold by the long immunity, have forged names of applicants on the files of the surveyor general's office.

Flames Kill a Child.

Duluth, June 2.—Agnes Blatte, the 6-year-old daughter of Mr. and Mrs. John Blatte, of West Duluth, died in great agony as a result of burns. As she was playing her clothing caught fire and in her terror she ran wildly about the stret. Before she could be overtaken and the burning clothes stripped from her she was so badly burned that death resulted ten hours later.

Sever Storm in North Carolina.

Mount Olive, N. C., June 3.—A severe wind, rain and hail storm swept over this section unroofing buildings and laying crops in waste over a wide area. The power house of the electric plant in the town of Mount Olive was partially wrecked. In a large elm grove on the outskirts of town, numbers of sparrows were killed by the hailstones.

Well Known Insurance Man Dies.

Nashville, June 3.—Alexander S. Caldwell, loan agent of the Northwestern insurance company, died at his home here this morning, aged 47. Mr. Caldwell was one of the best known insurance men in the south. He was a brother of James E. Caldwell, president of the Cumberland Telephone and Telegraph company.

CLOSING SESSION SENATE AND HOUSE

State Insurance and Other Bills Are Among the Lost.

RESOLUTION ON GENERAL LEE

Primary Law Amended—Child Labor Bill Killed—House Raises Salaries of Judges—Representative Melton Was Charmed With His Own Voice.

Tallahassee, June 3.—When the Senate convened yesterday morning for the last time for the session of 1905, there was a disposition to wind up all necessary unfinished business. The second House committee to investigate the insane asylum, was too late with its expense account for the regular pay roll and it became necessary to pass a special act for the payment of the costs of the investigation.

Senator Blount moved a reconsideration of the joint resolution to amend the Constitution, reducing the time for publication from ninety to thirty days, and validating all constitutional amendments heretofore passed. The resolution was then adopted by a vote of 28 to 5.

The committee report on Senator Stockton's child labor bill was adopted.

House bill to fix and establish a legal and standard box or crate for oranges, was called up by Senator Crane. The standard provided is twelve inches in width, twelve inches in depth, inside measure on each end or compartment of crate with middle partition. The bill was passed.

Mr. Oven's House bill making a slight amendment to the primary law, so as to make it immediately effective, was called up and passed.

Senator Adams called up the joint resolution relating to the late General Fitzhugh Lee, which was passed.

At 10:30 o'clock the Senate took up the life insurance bill, which was taken up and passed on its second reading Thursday night.

Several spoke in favor of the bill and it was opposed by others. It was soon discovered that only time was being consumed, and pending the discussion the Senate adjourned sine die.

Before adjournment the Senate confirmed a number of appointments made by the Governor as follows: Mason S. Moreno, Peter T. Knight, Oscar Clifton, William H. Malone and Charles Curtis, to be pilot commissioners in and for the port of Key West.

In the House.

Tallahassee, June 3.—When the House met yesterday morning for the concluding day of the session of 1905, Mr. Wells offered a privileged report from the conference committee upon the revenue bill, recommending that the Senate amendment be concurred in.

The House killed the child labor bill, which Mr. Roberts had so earnestly championed.

The Senate bill requiring all State officers to make biennial detailed reports was passed, 33 to 2.

The Senate bill to make an appropriation to cover deficiencies in the appropriations for the executive and judicial departments caused by the increase in salaries of the Governor and State's attorneys was passed, 36 to 2.

Mr. Persons called up the Senate joint resolution proposing a constitutional amendment relative to the salaries of judges of criminal courts of record. The resolution was passed.

The bill for the relief of Dr. J. L. Horsey of Fernandina was indefinitely postponed.

The Senate substitute for the House bill providing for paying the expenses of members of the Insane Asylum investigating committee and witnesses summoned before the committee was passed.

The House took a recess and Uncle Steve Melton commenced to make a speech. He was so well pleased with the sound of his own voice that it was hard to stop him.

Farewell addresses, all in the very happiest vein, were made during the recess by Messrs. Buckman, Johnston, Knight, Wall, Rawls, Wartmann, Bryan, Sistrunk, Strozier (for the attaches), the chaplain, Chief Clerk Kellum, Reading Clerk Nat R. Walker, Blanton of Madison, Kilgore, McElroy and Crawford.

Senators Massey, Blount and Baskin appeared and notified the House that the Senate was ready to adjourn. A few minutes delay was requested by the House in order that the two last bills could be enrolled and signed.

At 12 o'clock the pending business having been completed, Speaker Gilchrist declared the House of Representatives of 1905 adjourned sine die.

SSS THE BEST TONIC

When the system gets debilitated and in a run-down condition it needs a tonic and there has never been one discovered that is the equal of S. S. S. It is especially adapted as a systemic remedy, because it contains no strong minerals to derange stomach and digestion, and affect the liver and bowels. It is made entirely of roots, herbs and barks selected for their purifying and healing qualities and possesses just the properties that are needed to restore to the body strong robust health. When the blood becomes impure and clogged with waste matters and poisons the body does not receive sufficient nourishment and suffers from debility, weakness, sleeplessness, nervousness, loss of appetite, bad digestion and many other disagreeable symptoms of a disordered blood circulation, and if it is not corrected some form of malignant fever or other dangerous disorder will follow. S. S. S. builds up the broken down constitution, clears the blood of all poisons and impurities and makes it strong and healthy. The nerves are restored to a calm restful state, refreshing sleep is had again, the appetite returns and the whole system is toned up by this great remedy. S. S. S. is a blood purifier and tonic and acts promptly in this run-down depleted condition of the system. Book on the blood and medical advice furnished by our physicians, without charge.

I have used your S. S. S. and found it to be an excellent tonic to build up the general health and give tone and strength to the system. I have used other things highly recommended, but S. S. S. did me more good than everything else combined. As to its tonic properties it gives a splendid appetite, refreshing sleep, and the system undergoes a general building up under its invigorating influence. 548 Woodland Ave., Warren, O. MRS. DESERVED TRIBUTE TO GAINESVILLE

From Every Minister of the Gospel in the City.

THE WHOLE TRUTH EXPRESSED

No Better Endorsement Needed—The Friends of Gainesville Tell the Plain Truth—Every Statement Verified by Facts—The Past Proves Every Word.

Now that the two great State schools are to take the place of the former State schools for higher education in the State of Florida, and since the location of these two schools is to be determined by a Board of Control, feeling as we do that the moral and social education of the young men and women of Florida is a matter of the most vital importance in this great educational move, and believing that this Board of Control should and will look well into the social and moral environments of any place bidding for their location, we, the undersigned, being in a position to know whereof we speak, desire to say to the public in general, and to this Board of Control in particular, that from a social and moral point of interest there is absolutely no place within the confines of this grand domain that offers to Florida and her noble young men and women a purer social and moral atmosphere in which to live while preparing themselves for life's sacred duties, than the city of Gainesville. Socially this city has absolutely no class or cast, except that born of honor and purity, characterized by high ideals of social life and aspirations for the higher aims of good citizenship. Surely there can be no social atmosphere in the State of Florida more inviting and wholesome to young men and women than Gainesville offers.

Morally, we have no hesitancy in saying this city stands without a peer in your great domain. The prohibition law, which she has voted upon herself, is rigidly and, we believe, as effectually enforced as in any city of the same size on the American continent. Supported by a temperance mayor, a temperance marshal and a temperance sheriff, backed by a temperance public sentiment, the law is a beautiful success. Debauchery is unknown in the city. Profanity is not heard upon her streets or in her places of business; there are no gambling dens in this city to entrap your sons; no debauched society to lead them astray. Six good churches, holding in their membership three-fourths of the entire white population of the city, offer their moral protection to Florida's sons and daughters.

The annual Midwinter Bible Conference offers moral advantages to your sons and daughters to be had nowhere else in this State. The annual Midwinter Chautauqua course of lectures offers advantages equal to any on the American platform.

Finally, the long, faithful and noble work of the East Florida Seminary has so thoroughly imbued the city and its whole citizenship with high ideals of social, moral and educational life, that we believe this place socially and morally the fittest place of all in this State for a great school location.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

ARNO NEWS.

School Picnic—Fruit Notes—The Sun's Course Endorsed.

Arno, June 2.—The Stroble school closed last Friday with a most pleasant picnic, at which nearly all of the patrons of the school participated, and quite a number who were not patrons were present. After some very appropriate exercises in the morning by the children the long table which had been prepared was just loaded down with the choicest victuals the noted cooks of Forest Grove could prepare, and after all had eaten to their satisfaction there was more than half of the provisions left. After the natural man had been fully satisfied, there was a feast of good things for the mind and soul in the carefully prepared addresses of Prof. Maynard of Alachua, and Capt. Willard, and an impromptu speech by F. P. Henderson. Free lemonade was served all day and everybody went away feeling that it was good to be there.

Mr. Gramling has finished his nice three-room cottage, in which he and his family will live during the peach season. He has also finished his packing house.

F. P. Henderson will nearly finish his large packing house this week. He is building two nice rooms upstairs in which to house his packers during the peach season.

The first peaches were shipped from Arno yesterday, just thirteen days later than the first were shipped last year.

F. P. Henderson will ship some cantaloupes early next week.

The farmers say the cotton crop looks the best for several years at this time of the year.

Why not use the county convicts to make good roads to connect all the county seats in the State? We are very much in favor of good roads here in this community and will do our part towards making them, even if it is done by taxation. We heartily commend The Sun for the stand it has taken for good roads.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Wants The Sun in Michigan.

The Sun is in receipt of a letter from Mrs. Chas. Ellithorp of Millington, Mich., desiring the paper sent to that address. Mr. and Mrs. Ellithorp formerly resided in Gainesville, he being employed as an engineer on the G. & G. Railway. The letter says they are still having cold weather in the North and farmers are just beginning to plant their crops. "When I come to sit down and read I can't do without The Sun," the letter says. "We are in good health, but I do get homesick, as it is pretty hard to take a Cracker from her home and make her contented here."

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

Tampa now has $30,000 of the State's money for the fair.

The Legislature may have an extra session to settle up the asylum difficulty.

The army is in open revolt, writes Linevitch. He'll have to kiss the bunch again.

The health board should not wait until it is too late to give the city a thorough renovating.

The sun worshippers are opposed to bathing. The Weary Willies perhaps affiliate with this sect.

People who come to Florida to gather oysters, will hereafter be compelled to pay for them.

The weather has been ideal for crops in this section, and the shipments still keep up at a good rate.

There is much talk about Florida and the railroads. But Florida without the railroads wouldn't be much.

The bachelor, when he desires a change of diet, has to change boarding houses, while the man who is married and runs his own culinary department, can change every day.

A person who can imagine the effect of the report of fifty crashes of thunder at one time, can get a faint idea of the terrible uproar during the naval battle between the Japs and Russians.

Smith, the cartoonist on The Jacksonville Times-Union, is certainly turning out some fine work. His cartoon of Rojestvensky wading and towing his two battleships, with Jap sun pouring down on him, deserved a larger space.

President Roosevelt touched the button and the electric power set the Lewis and Clark Centennial Exposition machinery at Portland, Ore., in operation. The President sent the shock from the White House at Washington.

The excursion from Georgia and Alabama to Tampa, a few days ago, carried a large number of pure and undefiled "gubers" to that city. As a result the hotels did a thriving business and several side trips made the occasion a very pleasant one.

President Roosevelt will make a tour of the South about the middle of October and will visit Jacksonville and possibly Tampa. He will not see much of Florida during the trip and should spend more time here. A trip down the East Coast and to Pensacola would give him a better understanding of the State, to say nothing of a visit to Gainesville.

The throwing of a bomb in Paris a few days ago, in the hope of injuring or killing the King of Spain, who was paying a visit to the President of France, is another one of those cowardly anarchist schemes which can do them nothing but injury. Such despicable proceedings only serve to retard any movement for the betterment of their condition, as the people will not tolerate anything of the sort.

STAND BY YOUR HOME TOWN.

Some people claim the right to try and discourage everything that goes to help build up their home town. This is all wrong and all should make up their minds to the fact that if there is any chance to boom business, boom it. Don't put on a long face and look as though you had a sour stomach. Hold up your head, smile and look for better things. Hide your little hammer, and try to speak well of others, no matter how small you really know yourself to be. When a stranger drops in, jolly him, tell him this is the greatest town on earth, and it is. Don't discourage him by speaking ill of your neighbors. Lead him to believe that he has at last struck a place where white people live. Don't knock. Help yourself along by becoming popular, and push your friends with you. It's dead easy. Be a good fellow, and soon you will have a procession of followers. No man ever helped himself by knocking other people down in character or business. No man ever got rich by trying to make others believe he was the only man in town who knew anything. You can't climb the ladder of success by treading on other people's corns.

When a man comes to town and he hears the character of nearly everyone traduced, he is nearly always suspicious of the traducer, and will generally keep away from the man that knows all the bad things of the town, for it is very often the case that it takes a rogue to catch a rogue.

BATTLEFLAGS AT THE REUNION.

In speaking of the reunion of the Confederate Veterans to be held at Louisville, Ky, The Courier-Journal has the following:

"Tattered and torn battleflags, which saw service at every battle of the Civil War, will be carried by the troops that followed them to victory, in defeat and in death. Flags of Chickamauga, flags which braved the fire at Gettysburg, flags which were almost lost in the Wilderness, and flags which were held in the face of the overwhelming odds at Appomattox will be carried through the streets by the men who carried them then.

"Such flags will head almost every division and a number will have to be carried in cases on account of the rents made by Federal guns during the battles in which they carried them into the Valley of the Shadow.

"Nearly $30,000 will be spent by the executive committee in charge of arrangements in furnishing amusements to the Veterans and as subscriptions to this fund are being liberally given, monetary backing will not be lacking."

Henry Watterson has become converted to the support of Munich beer as a promoter of temperance, says The Tampa Daily Times; but Henry seems to have forgotten that the only kind of a man in whom beer promotes temperance is one who is already in need of the Keeley cure. The use of beer does not promote temperance in a man who does not drink. Beer in moderation is not harmful, nor is a light wine. Both are sometimes beneficial, but as a rule neither is necessary. When you feel that you must have something cool, voluminous, gently stimulating, something that will quench your thirst and stay with you, mix a big lemonade and shake an egg in it—being sure that the egg is reasonably fresh. Egg lemonade is better than beer as a temperance reformer because it works just as well on the man who doesn't drink as the man who does.

Negroes charged with Arson.

Covington, Ga., June 3.—Sheriff Geo. J. Cunningham, of Oglethorpe county, came here to identify three negroes by the names of George Rouser, Charley Coleman and Richard Thornton, wanted in Oglethorpe county for arson. They were identified by Sheriff Cunningham as the negroes who were charged with burning several houses, among them a residence, on the plantation of Colonel James M. Smith, at Smithsonia, May 28, and for whom a reward of $50 each had been offered by the oggiethorpe county authorities.

Clyde Steamships in Collision.

Jacksonville, Fla., June 3.—As the Clyde line steamship Arapahoe was proceeding down the river on her regular trip to New York, she collided with the dredge Jacksonville just a little beyond the mouth of Dunns creek, and sustained slight damages to her hull about the water line on the starboard side. The captain of the ship deemed it advisable to return for the slight repairs necessary. She will proceed early in the morning on her trip north.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. THE GAINESVILLE GUARDS TO SHOOT

Will Make an Effort to Send Men to Seagirt.

COMPETITIVE CONTEST JULY 4

To Prepare Some of the Crack Shots. Will Send Men to St. Augustine at the State Contest—A Few Good Words for the Company.

We are pleased to note that our fine military company, the Gainesville Guards, is bound to stay well up to the front, if work will do it, and that the company is still gaining in strength.

At the conclusion of the regular drill of the Guards on last Thursday evening, Cadet Major Allen Graham, just graduated from the East Florida Seminary, was elected second lieutenant, Lieut. J. F. Seagle having resigned last winter. Two new members were sworn in and three men were elected and will be sworn in this week.

It was decided to hold a competitive contest on the rifle range on July 4th, at which time the whole company will compete, and suitable medals will be awarded the successful contestants. On August 2d, at St. Augustine, a team will be selected from the Florida State Troops to go to Seagirt, N. J., to take part in the national contest on the rifle range and the Gainesville Guards expect to have a number of men at St. Augustine to try for the team, and feel quite sure of landing two of the boys. Last year Lieutenant Blanding was captain of the team sent from this State to Fort Riley, Kan., to the national match, and Sergeant Morris was on the team, and both are sure to make this year's team.

The opera house has been run the past season by the Guards, and while it has been a source of very little revenue to them, it has enabled the company to assist a great many religious and benevolent entertainments, having given the armory free of charge for thirteen nights during the past season.

The Guards feel very much gratified that the Legislature has made the necessary appropriation for an encampment, and feel under obligations to the members of the Legislature from this county for their efforts in assisting to get this measure passed.

Summer Tourist Rates Via Atlantic Coast Line.

If you contemplate visiting summer resorts see ticket agents Atlantic Coast Line and get all information with reference to rates, routes, schedules and Pullman service. Summer tourist rates are now in effect to all the principal resorts throughout the country with return limit October 1st. Rates have been announced to all springs, mountain and seashore resorts. For the first time round-trip tickets are now on sale to resorts in New England territory.

Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies. When puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. Sold by W. M. Johnson.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Meeting of E. F. S. Students.

Through the request of Superintendent Pound a meeting of all the ex-students of East Florida Seminary is desired to be held on Monday, June 5th, at 9 o'clock a. m. It is hoped that every young lady and gentleman who have been students of the Seminary will make an effort to be present at this meeting, which will be held at the Seminary.

NOW IS THE TIME TO PAINT.

Important Memorandum.—The paint is the most important factor in painting, quality of paint costing say $00.00 ($40.00 labor, $20.00 paint), will last five years. The same paint applied by a duster ($20.00 labor, $10.00 paint) will last only two years. Thus the "per-gallon-cost" of the good painter's job is $12.00—the poor painter's, $30.00

Above all, USE GOOD PAINT!

The oil! linseed oil! Just pure linseed is the "life"—the one great requisite of good paint for which there is no substitute—and the *sure* way to get the pure, fresh linseed oil is to buy the oil and

Kinloch HOUSE PAINT

separately. *For every gallon of Kinloch Paint buy one gallon of linseed oil.* This makes two gallons of paint, ready for use. You then *know* that the paint you're putting on your house is alive—"the genuine oil is in it," and paint is not paint unless it contains 50% of really pure oil. We will further explain the virtues of Kinloch Paint if you will call and see us.

The electric lights of Quincy are "not what they ought to be."

Jackson county will soon commence the erection of the new court house.

Cotton is being sold at Marianna at 7½c per pound, and the prospect is good for a higher price.

The postoffice at Fort Myers has been enlarged and improved to accommodate the increasing trade.

The Bradford Telegraph says that the dogs in Starke are as great a nuisance as the cattle, pigs and goats in the street.

In its demand for ice The Monticello News says: "We want our soup and coffee hot, but not our drinking water."

The Seaboard Air Line will run a line to Bradentown, and a depot will be erected there. Trains will be in operation by July.

The Bradentown jail has only one occupant, Edward Lamb, convicted of murder and awaiting the decision of the supreme court.

The Lake Butler Star says that a LaGrange lady has a century plant in bloom. It is 30 feet high and the stalk six inches through.

There has not been any clue unearthed to the mysterious shooting of the negro, Will Amos, last Sunday morning, at Madison.

A Sanibel Island melon grower shipped some watermelons North and got $1.40 each for his shipment, the highest price he ever obtained.

A. S. York, D. D. S, who has been in Tallahassee during the legislative session as engrossing clerk, will open up a dental office in Live Oak.

J. P. McHugh of Green Cove Springs, a venerable tinker, is lonely and wants an elderly female matrimonially inclined to share his lot—Old Fonce Miller lot, Green Cove Springs.

The city marshal of Jasper has warned dog owners of that place to muzzle their canines or they will be shot when found on the street without the necessary life preserver.

With a gain of over $67,000 to his credit for May, 1905, over the same period of 1904, Uncle Sam certainly has nothing to kick about concerning returns from Tampa.—Tampa Daily Times.

Big tarpon stories are now giving way to watermelon serials. Will Odell of Oxford had one that weighed 84¾ pounds. Major Russell of Zolfo produced one that touched the beam at 40 pounds.

Thursday afternoon and evening last lightning did considerable damage in Jacksonville and vicinity. The residence of T. H. Livingston of Pablo Beach was struck and badly damaged. None of the family were injured.

The tobacco crop in the vicinity of Quincy is one of the finest and farmers of Gadsden county are sure of a good reward for their labor. The tobacco growers have got the crop down to a system and Sumatra tobacco, as fine as can be found anywhere, is produced in Gadsden county.

At Esto, Holmes county, the Esto Gin and Mill Company has been granted a charter with a capital of $10,000, with the privilege of increasing it to $50,000, to operate cotton gins, cotton seed oil mills, cotton manufacturing plants and to manufacture all products of cotton and cotton seed in Florida, other States and foreign countries.

The Jasper News says: "Two of our correspondents are evidently miffed at us because we refused to print poetry for news items. We are very sorry if their feelings have been wounded, and as a solace will recommend them to a few magazines who will pay them for poetry—if it is the right kind. The News is not running poetry. Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Death from Morphine Poisoning.

Memphis, Tenn., June 3.—R. L. Burch, a plantation manager, who resided near Holywood, Miss., was found dead in his room at a local hotel from the effects of morphine poisoning. Burch came to Memphis Monday, accompanied by his wife, and, it is said had been drinking heavily. Despondency brought on by inebriation is believed to have caused his taking the drug.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by all druggists.

YOUNG MAN DISAPPEARS.

Scotland Yard Detectives Working on Case—No Clew Found.

New York, June 3.—Details have just been received here of the mysterious disappearance recently in the Brighton, Eng., of Mulford Martin, a wealthy young American.

The young man's mother, whose home was in Erie, N. Y., married some time ago Dr. Walsh, of San Francisco. Wishing to supervise her son's education, Mrs. Walsh, accompanied him to Europe in the early part of last March. After visiting France, England and Ireland, young Martin and his mother arrived at Brighton on April 28, and took a suite of rooms at an exclusive hotel. Martin made friends among the chorus girls at a vaudeville pavillion and early in May walked out on a pier with one of them. The girl returned to the pavilion in a short time, Martin having promised to await her on the pier. That was the last seen of him.

Scotland yard detectives have been working on the case since.

TO FIND HUSBANDS.

Some Quaint Customs of the Young Women of Russia.

Russian girls frequently amuse themselves by attempting to discover what sort of husbands will eventually lead them to the altar. A favorite manner of doing this is by so called divination.

The girl who is tired of a single life sits in the mystic hours of the night between two large mirrors. On each side she places a candle and then eagerly watches until she can see twelve reflected lights. If the fates are propitious she ought also to discern the husband she desires portrayed in the glass before her.

Another method of divination is to have supper laid for two. If the young lady is in luck the apparition of the future husband will come and sit down beside her, but in order to secure success the girl must not divulge to any one her intention of thus attempting to dive into futurity.

There is a story told to the effect that the daughter of a rich farmer was in love with a young lieutenant, and he, suspecting that she would probably have supper laid for two, climbed the wall of the garden and, sitting down by her side, partook of the prepared banquet, the girl being under the impression that it was his apparition and not the real simon pure.

On leaving the room the officer forgot his sword, which he had unbuckled before he sat down to supper. The girl, finding the weapon after his departure, hid it in the cupboard as a memento of the visitor.

Eventually she married another suitor, and he, fancying that there was some rival who supplanted him in his wife's affection and one day discovering the sword, was confirmed in his suspicions and killed her in a fit of passion.

Sometimes the inquisitive husband seeker will take a candle, and, melting the wax, pour it on the snow, after which she strives to discern in the hardened substance the likeness of him she seeks.

A very favorite amusement when several girls are congregated under the same roof is to divine by the aid of a cock. Each girl, taking some corn, makes a small heap on the floor and there conceals a ring. The chanticleer is then introduced and is let loose beside the corn. Presently he begins to peck at the heaps of grain. At last one of the rings is exposed to view, when its owner, according to the popular belief, will outstrip her companions in the race for matrimony.—Cassell's Journal.

BE ACCURATE.

One of the Best Mottoes For a Young Man Entering Business.

The head of one of the largest dry goods commission houses in this city was asked the other day how it happened that his partner, upon whom the principal responsibility of the business rests, came to attain that position while not yet thirty years of age.

"Purely and simply on his own merit," he replied. "He came into my office one morning some ten or twelve years ago and told me that he had just finished school and was looking for a position. I happened to have a position open at the time for an office boy and started him in at $5 a week. His rise from that position to the one that he now occupies was steady and rapid and was due entirely to the fact that after having received an order or instructions he could be relied upon to carry them out, and do it correctly too. He never started off on anything 'half cocked,' so to speak. He was not afraid to ask questions and thus get his instructions straight before undertaking the work in hand. In fact, I might say that he owes everything to the fact that he was always accurate in all that he did. You may think that I am preaching a sort of sermon, but if young men entering business positions, whether high or low, would take for their motto the two words, 'Be accurate,' and would live up to it there need be no fear of the ultimate outcome of their undertakings."—New York Commercial.

Arkansas' Big Debt.

A mighty small proportion of the people of the United States know that the state of Arkansas owes the famous Smithsonian institution, in Washington, nearly $2,000,000, which it has not the faintest intention of paying. In 1838, the first year of the reign of the late Queen Victoria, the United States received on account of the Smithson bequest, the details of which are too well known to require repetition, a sum aggregating $500,000. A good proportion of this was by act of congress invested in bonds of the state of Arkansas. Not a cent of the principal or interest of this ever has been paid. The bonds now are moldering in the vaults of the United States treasury in Washington, with coupons untouched by scissors. And there they probably remain for all time. The federal government was forced to make Arkansas' delinquency and appropriate money for the inauguration and maintenance of the institution which honors all over the country.—Chicago Inter Ocean.

A VERSATILE WOMAN.

Some of the Things For Which Phoebe Bown Was Famed.

Phoebe Bown died something over half a century ago, aged eighty. This extraordinary woman, who lived with her mother in a cottage nearly opposite the High Tor, at Matlock Bath, England, could walk nearly forty miles a day when young, could lift a hundredweight in each hand and carry fourteen stone. She undertook any kind of manual labor, as holding the plow, driving the team, thrashing wheat with the flail and thatching the stacks. Her chief avocation was breaking horses at a guinea a week. She always rode without saddles and was considered the best judge of horses and cows in the peak.

But Phoebe had also a liking for sport and for art. She was a good shot and carried her gun on her shoulder. She was fond of Milton, Pope and Shakespeare and performed on several instruments, including the flute, violin and harpsichord, and played the bass viol in Matlock church. She was a carpenter, mason and smith and mainly by her own hand labor built another room to the cottage for the reception of a harpsichord which a lady presented to her. At her own request a local clergyman wrote her epitaph, and here it is:

Here lies romantic Phoebe,
Half Ganymede, half Hebe;
A maid of mutable condition,
A jockey, cowherd and musician.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

SYMPATHY.

Sympathy is food to a starving heart.

Sympathy is two hearts pulling at one load.

Sympathy is the staff on which trouble leans.

Sympathy is the cream that rises on the milk of human kindness.

Sympathy in sorrow's hour is like the gentle rain to drooping flowers.

Sympathy is the least the rich may give, the most the poor can offer.

Sympathy is the blossom grown from the costly bulb called personal suffering.

Sympathy is a well toned instrument that readily responds to notes of weal or woe.

Sympathy is the most powerful human magnet for attracting and holding friendship.

Sympathy is perfect forgetfulness of oneself in true feeling for the unhappiness of others.

Sympathy is love's healing balm spread by pity's tender hand on sorrow's heart wound.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

Convenient.

There was once in a North Carolina court a case that has gone down as history in the judicial annals of the state. It appears that a debtor named Jenkins, when solicited to close an old open account by note, agreed to do so provided he should be allowed to dictate the instrument. This was granted him, whereupon he presented the creditor with the following:

"I, Samuel Jenkins, agree to pay John Huggins $200 whenever convenient, but it is understood that said Jenkins is not to be pushed. Witness my hand and seal this —— day of ——. Samuel Jenkins."—Harper's Weekly.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

The preferred extracts, Blue Ribbon lemon and vanilla. Ask your grocer for Blue Ribbon lemon and vanilla. Takes less. Flavors perfectly.

Henry Bunch, who has been visiting in this city for some time, the guest of J. F. Bunch, left for his home at Clark's Hill, S. C., last week. He was very favorably impressed with Gainesville.

The work on the new Episcopal church is progressing slowly. When the walls are up and the roof on the work of the present contractors will be completed. No more work will probably be done until late in the fall, unless different arrangements are made.

The quarterly report of the condition of the First National Bank of Gainesville for the three months ending May 29, shows a healthy increase in the business of that conservative institution. An increase of about $20,000 speaks well for the management and has a tendency to give those doing business at this bank the utmost confidence.

Remember the Gainesville & Gulf has round trip rates to White Springs on Sundays at only $1. Train leaves Gainesville at 6:30 a. m., returning at 9:30 p. m., and affording a whole day at this favorite resort. Cheaper than hiring a buggy, and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf.

At 5:15 p. m. on Saturday an alarm of fire was turned in from Box 82 and the department responded promptly. The fire was the fuel on the tender of a Seaboard train that had just arrived and it was blazing so high that the freight cars were in danger. The fire was extinguished, however, without the assistance of the fire department.

T. R. Pickett and son Rufus of Newberry, who are engaged quite extensively in the manufacture of lumber, were in the city on Friday on matters pertaining to their business. They have recently been quite fortunate in negotiating for more choice timber land and will soon have their mill in operation again. There is a good market for all kinds of building material and this firm will soon be realizing from their products in the markets.

The matrimonial market seems to be looking up a trifle. Besides one license recorded elsewhere, the following colored people were given the necessary documents to travel the pathway that leads to connubial felicity by Judge Mason, Friday: D. J. Johnson and Margaret Jacobs, John Eppes and Mamie Thompson, Edward Kimball and Anna Gibson.

Spend a while at White Springs, the leading health resort of the State. On the far-famed Suwannee river. The Gainesville and Gulf offers the following low round-trip rates from Gainesville: Sunday only, $1; ticket good going Saturday and returning Monday, $2 50; ticket good for fifteen days, $3. Double daily service. For further particulars inquire of ticket agent. tf

Account of Confederate Veterans' reunion the Seaboard Air Line Railway will sell round-trip tickets to Louisville, Ky., at the rate of $17.80, from June 10th to 13th inclusive, final limit to leave Louisville June 19th, 1905. Limit may be extended to leave Louisville as late as July 10 by depositing ticket with J. H. Richardson, special agent, Louisville, and paying 50 cents per ticket at time of deposit.

DEATH OF MRS. SANDERSON.

Passes Away Surrounded by Her Husband and Children.

In the death of Mrs. Geo. W. Sanderson, who passed away at 11 o'clock on Friday night, of consumption, another home has been been bereft of a loving wife and mother. The end came slowly, so that all the near relatives, including the bereaved husband and daughter of this city, and a grandson and daughter, were at her bedside when she passed to her reward.

The funeral took place from the house on Saturday at 3:30 p. m., Rev. T. J. Nixon of the Methodist church officiating: The remains were laid to rest in Evergreen cemetery, Dr. T. F. Thomas, funeral director, having charge of the obsequies.

Will Return Monday.

Senator McCreary and wife are expected to arrive home on Monday, having went from Tallahassee direct to Atlantic Beach on Friday evening, after the adjournment of the Legislature, to get a few days' of rest and enjoy the ocean breezes before returning home.

Since the first opening of the Legislature in April Senator McCreary has been in his seat in the Senate, and has been attentive to business throughout, not having been away during the session. As the people are well aware, he has had a busy time of it, and those in a position to know can tell how well he has performed his duties as their representative in the Senate chamber.

Vegetables and Fruit Need Rain.

In speaking of the crop prospects, yesterday, a prominent trucker said that rain was needed very badly in nearly every portion of the country about Gainesville. The recent copious showers we have had for the week past have been confined mostly to the city, and they have not reached into the country a half-mile in any direction.

Many of the melon vines have dried up and are dead, while the other crops are in poor condition and will be very short, unless we have a few good showers to moisten up the soil.

Important.

Every person interested in the educational interests of Gainesville is requested to call on W. W. Avera or A. L. Vidal & Co. and receive folders to mail to friends throughout the State.
